Casey was a leader on our club team this year. She earned the starting setter position by her hard work, and portrays the characteristics a coach looks for in a setter. Casey has good hands, moves to the ball well, sets well in motion, and adjusts well to average passes by getting the ball to the spot with the accurate tempo.

Aside from technique, Casey is a great leader on the court and thinks like a setter. She will not hesitate to utilize the back row attack as an option and

is able to set against the flow of the block. Her confidence commands attention and trust from her hitters. She recognizes hot hitters and makes smart choices based on the opponents' defensive systems.

In addition to her setting skills, Casey has proven to be a very consistent attacker, both in the front row and back row, as well as averaging the highest serving percentage on the club team. These skills, coupled with her assist statistics, earned her honors as the team's offensive player of the year.

Casey is an extremely coach-able player who wants to learn as much as she can about the game. She is sure of herself but will not hesitate to ask questions. She is very enthusiastic and positive on and off the court and she never stops hustling. Her teammates looked up to her and knew she would succeed in running the offense.

It was a pleasure to coach Casey this season, and I can say without reservation that her positive attitude and work ethic would be an asset to any team
